CONCEPT

OUR NOTION BEHIND THE DESIGN WAS TO INITIATE A PUBLIC SPACE TO DETERMINE THE ISSUES FACED BY THE VISITORS BY CREATING A SPACE THAT PEOPLE CAN UTILISE COMFORTABLY.
WE HAVE INTRODUCED OUR INSERT BETWEEN MALHARRAO GHAT AND CHANDRIKA GHAT AS IT IS THE MOST USED AMONGST ALL.
PROVIDING CHANGING ROOMS,BUFFER SPACE, DOCKYARDS, WASHROOMS & DECKS TO MAKE PEOPLE'S EXPERIENCE MUCH BETTER AND COMFORTABLE.

THE CONCEPT IS TO GENERATE A SPACE WHICH SHOWCASES HINDU ARCHITECTURE ELEMENTS LIKE GHATS ,STEPWELL, RAMPS, SHIKHARA AND ARCHES ETC.THE AMALGAMATION OF ALL THESE ELEMENTS GIVES A RELATION BETWEEN THE CONTEXT AND THE NEWLY DESIGNED GHAT.
