## DEPARTMENT OF INFORMATION TECHNOLOGY

### SUMMARY OF PARENTS MEET-2023

Academic Year: 2023 - 24

Date: 22/10/2023

Respected Principal Sir,

We had arranged Departmental Parents meet on **21<sup>st</sup> October, 2023** Saturday from 10:00 AM to 12:30 PM in IT Seminar Hall of Information Technology Department at SVIT, Vasad.

**Total Number of Persons accompanied in Parent Meet-2023:- 08**

**Points discussed with parents are as follow:**

#### **1. Infrastructure development – laboratories:**

Labs are installed with proper software's according to requirement of students and affiliated University. Apart from that we have Intranet facilities for accessing library contents and internet facility with dedicated bandwidth to all students. So, that student can avail this.

#### **2. Training & Placement of the students:**

This is the world of competition. Every year the number of engineering colleges is growing exponentially. Our College SVIT has excelled its position in the market due to this placement ratio has also increased and it is increasing day by day. So many well-known companies with good packages come to our campus and recruit our students. Department organized mock placement activity for SY and TY students in each semester to prepare for actual placement activity.

#### **3. Students Benefit Schemes:**

We give monetary help to economically weaker students through scholarships. Apart from that we have book-bank facilities for the students so that student can avail the subject book per semester at minimal cost. We also provide annual SVIT magazine and motivate students by giving awards for best Academic performances And Also we also provide certificates of Top-10 for Attendance, Mid semester exam apart from Academic curriculum, we have extra-curricular & co-curricular activities for the students. **Extracurricular** activities like Cricket, Volleyball, Basketball, Softball, Hockey etc are organized at Inter-college as well as Inter-Zonal level. **Co-curricular activities** includes Hackathons, SSIP projects, ISTE Chapter event PRAKASH, are organized for our students at our college. Intra-Institutional Competitions helps students to explore their knowledge by participating in those events.

Skill development clubs are working in college premises like coding club, code unnati, hackers and developers club, block chain club etc. Students enrolled in a club to grow his/her coding ability. This time, coding competitive live platforms like code chef, LeetCode conducted for students. Each student has a counsellor to guide them in case of any academic or personal problem. Two counselling meeting are conducted in one semester. Department also arrange

expert talk, workshop and webinar/seminars for students to fill the gap between academic and industry. Industry visit is also organized for each year students in the semester/year.

#### 4. Regular Attendance Monitoring & Feedback

Class wise regular attendance is taken by respective faculties & if student remains absent then SMS or WhatsApp is send to parents. If student remains absent continuously for a month then we call parents. We declared low attendance list every end of month and if student unable to fulfill the attendance criteria, they are not allowed to seat in the mid semester exam. Fees circular, Academic calendar is also sent to parents through message system. Moreover, Best Attendance Award is given every semester so as to motivate and create awareness about the importance of attendance in engineering field.

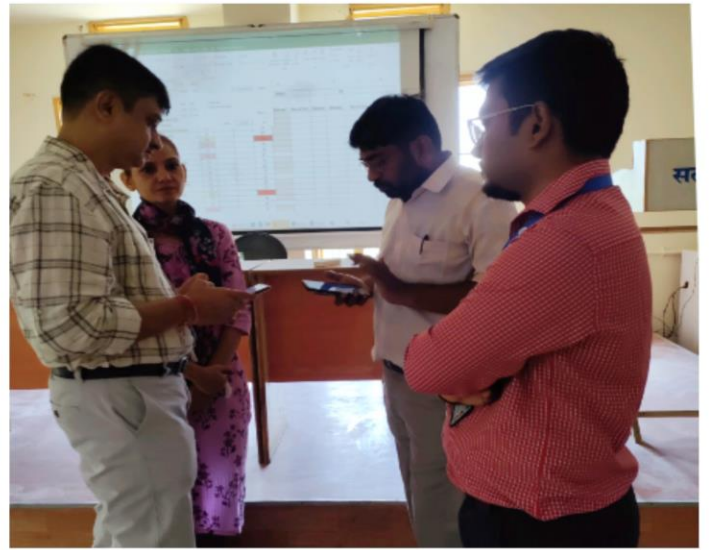

**Overall discussion held was good and parents really appreciated our institutional work. There were some suggestions that were given by parents.**

#### Overall Comments/Appreciations given by Parents:

1. Taking care of child in terms of academic/personal, is appreciated by many parents.
2. Infrastructure of college is better now and so much developments are done is appreciated.
3. Parent insist to send them the mid semester exam results.
4. Teaching facility of the department are much appreciated.
5. Overall cooperation from IT Head & faculties members is better and appreciable.

#### Glimpse of meet:

**Dr. Falguni N. Patel,  
Prof. Nikesha Patel,  
Prof. Milin Patel,  
LY, TY, SY Class Co-coordinators,  
IT Department.**

**Dr. Mala H. Mehta  
I/C, Head,  
IT Department**
