

Report on Industrial visit at Amul Chocolate Plant, Mogar of third Year – IT students scheduled on 11th March, 2024 Academic Year: 2023-24 (Even Sem.)

COMPANY INFORMATION:

Name : Amul Chocolate Plant, Mogar, Anand.

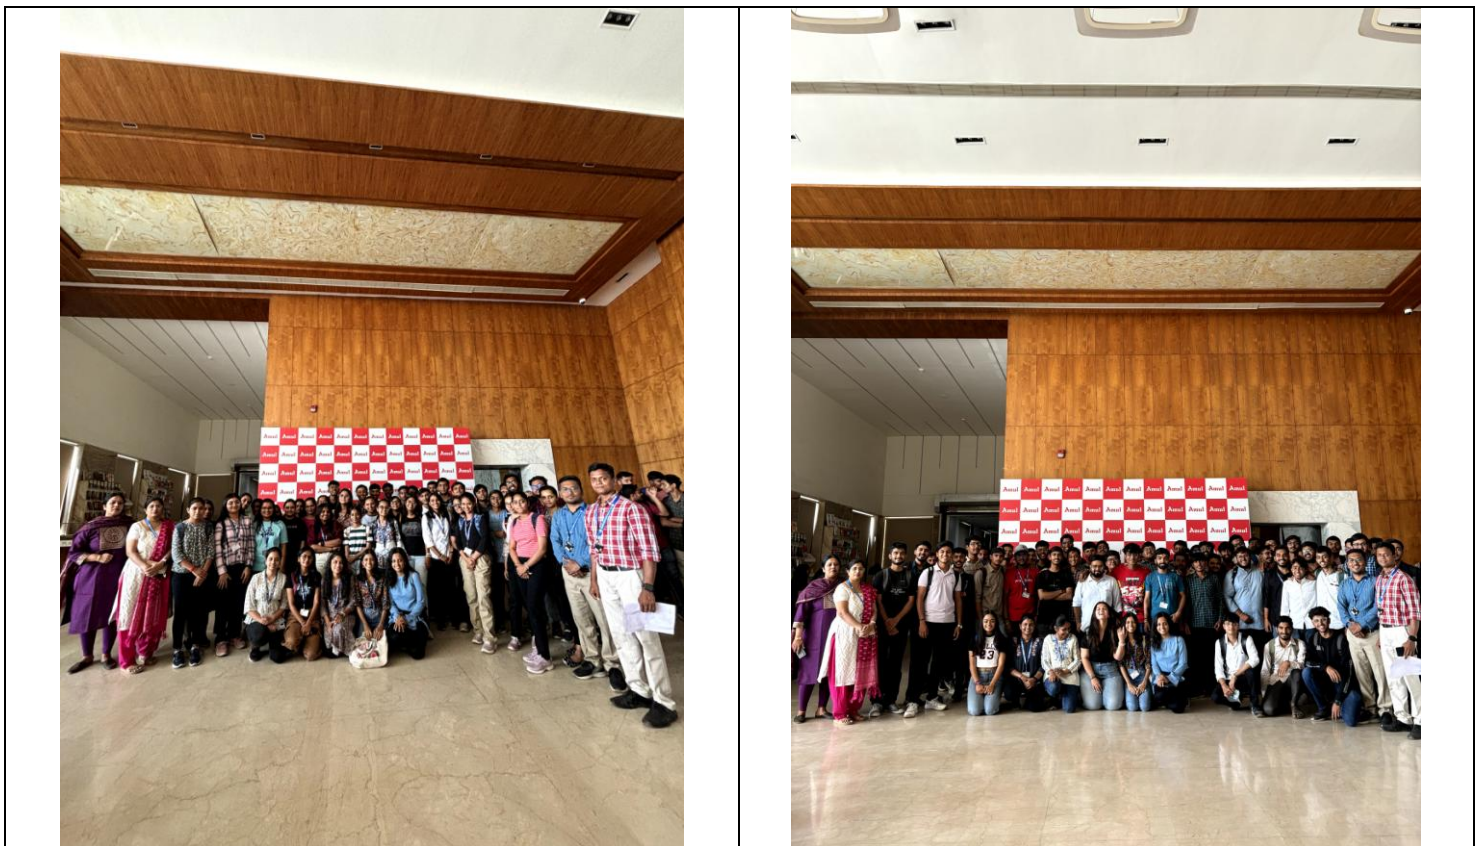

Visit Timing: 2:00 to 4:00pm

Our sincere gratitude to the Principal Dr.D.P Soni Sir, and Head of Department Dr. Mala Mehta mam for giving us Permission to go for such an Industrial visit.

Amul Dairy and the Chocolate Factory is a cooperative organization jointly owned by 3 million milk producers in Gujarat and managed by the milk marketing federation. It is one place you can definitely go to discover the real chocolate making process. It's a perfect haven for chocolate lovers. Before we enter the factory sniff off our nose off the grime and let our senses inhale the natural aroma of coco and indulge in a temptation to make our trip a heartfelt one.

The session is started by a brief introduction about company. They assist us to visit different Automation Machines and also demonstrate chocolate making process. The most fascinating thing in the factory is the large tanks that hold the ingredients to prepare chocolate with. The heavy machinery, the massive equipments will surely overwhelm you.

Some Glimpse of Visit:

Total 130 students get benefit of this visit and guidance. We hope this visit helps them for the selection of subjects (AI & IOT) in their higher semester and also open their mind for the projects .This kind of interaction with industry helps to improve industry relations, create awareness about corporate standards and practices. It also helps to bridge the gap between industry and academia.
