Sardar Vallabhbhai Patel Institute of Technology, Vasad

Computer Engineering Department

The aim of our Institute is to be premier Academic Institution to Industry and Society through excellence in teaching, learning, research, entrepreneurship and leadership. SARJAN 2019 is our Annual Project Exhibition, which gives a glimpse of the triumphs and setbacks, Knowledge and creativity, hard work and perseverance of our budding engineers. It is a platform where the students of the last your showcase their project and share details about their journey in the sea of technology.

SARJAN is not limited to a project exhibition. It will lay the corner stone in innovation using logic, relational thinking and out of the box ideas.

From Computer Engineering Department total 65 Team presented their project in Sarjan 19. Two Expert from Industry was invited to evaluate the project. Expert selected top 10 project and then top 10 project evaluated again and from that Top 3 Project is selected.
