

Report of Workshop “Hands on IoT” Conducted by Information Technology department

Students of TYIT and LYIT of SVIT - Vasad, attending the workshop by Prof. Jignesh Patoliya from CSPIT, Changa.

September 15-16, 2017: “Hands on IoT” Workshop Organised by IT Dept.at SVIT, Vasad.

Seeing the tremendous interest of students in the upcoming genre of IoT, IT department organised a Two days workshop wherein the expert from Prof. Jignesh Patoliya, Assistant Professor, EC department, CSPIT, Changa, introduced the technical know-hows of IoT with practical session along with sensor devices and Programming tool Arduino.

Almost 42 TYIT and LYIT students attended the workshop wherein they were provided with necessary toolkits to perform the tricks and techniques. It was, indeed, a vital source of information as well as a fun-filled learning experience for students.
