Report on Expert lecture on Basic of entrepreneurship

A very renowned and experienced speaker Mr. Rajkumar Mathur from MAHYCO Aurangabad had addressed the students of first year engineering on 4th March 2017.

Two sessions were taken by the expert with on an average 120 participants had attended the session in Aero Auditorium

He is having vast experience of industry and entrepreneurship. He motivated the students to take up new ideas and explore the possibilities of startups. The students benefited as he had encouraged the students to discuss queries on how to face challenges and overcome the initial difficulties in startups.

Various legal aspects were also covered during the session. Overall students had a wonderful experience in studying the concepts and were oriented to think different.
