

Sardar Vallabhbhai Patel Institute of Technology, Vasad

Aeronautical Engineering Department

Aeronautical Engineering Department of SVIT-Vasad has visited Air force station – Vadodara on 26/09/2019. 80 students and 3 faculty members had proceeded for the visit. We had seen formation flying by 4 JAGUAR fighter aircrafts, Skydiving from AN-32 aircraft by Aakash Ganga Team, Formation aerobatics by the SARANG helicopter team. On a special request we were also allowed to visit ALH-Dhruv Helicopter. As a part of static display we had visited AN-32, HS-748 Avro, Pichora Surface –To- Air Missile systems, Radars, Microlight aircrafts, Jaguar fighter aircraft, Cheetah Helicopter, Antitank missiles etc. Where students were explained basics about these aircrafts by IAF technical personnels and our faculty members as well. Students had also interacted with “Aakash Ganga” team explained about Skydiving. Our students had interaction with pilots of “Sarang Helicopter Display Team”. Performace of air warriors to had generated enthusiasm in today’s youth towards joning Indian Air Force. Some of the Photographs of Visit are as under:
