

The Electronics & Communication Engineering Department organized an Industrial Visit to Scientech Technologies Indore on 21/10/2023 for LY & TY students. Total 15 students with Prof. Tushar Kulkarni benefited from the visit.

Introduction to Scientech Pvt. Ltd. was given by Mr. Uday Bhole Sir (Dy. CEO). Mr. Harshit kumravwat explained about IOT and Drone Technology in laboratory. Mr. Mahendra Raghuwanshi and Mr. Nikhil Darwai conducted visits to Scientech Technologies and NVIS technologies Pvt. Ltd.

Scientech has been a leader in the electronics sector providing reliable and quality solutions. They have an extensive line of solutions for Industry, Education, and Environmental sectors. Scientech offers Electronics Manufacturing Services (EMS), PCB Assembly with Surface Mount Technology (SMD), Medical, Automotive, Lighting, Audio, Energy Automation, Instrumentation & Telecom sectors.

The visit was very helpful for our students in future, as they will have to make a mini project as a part of subject and get the industrial exposure in the field of Medical, Automation, Automotive, Agriculture, Drone, FPGA Design, HDL & Hardware, Instrumentation, PLC, Sensors, Solar & Renewable Energy, Software & IT and IOT.
