SATURDAY

A Workshop on “Python Framework: Django”

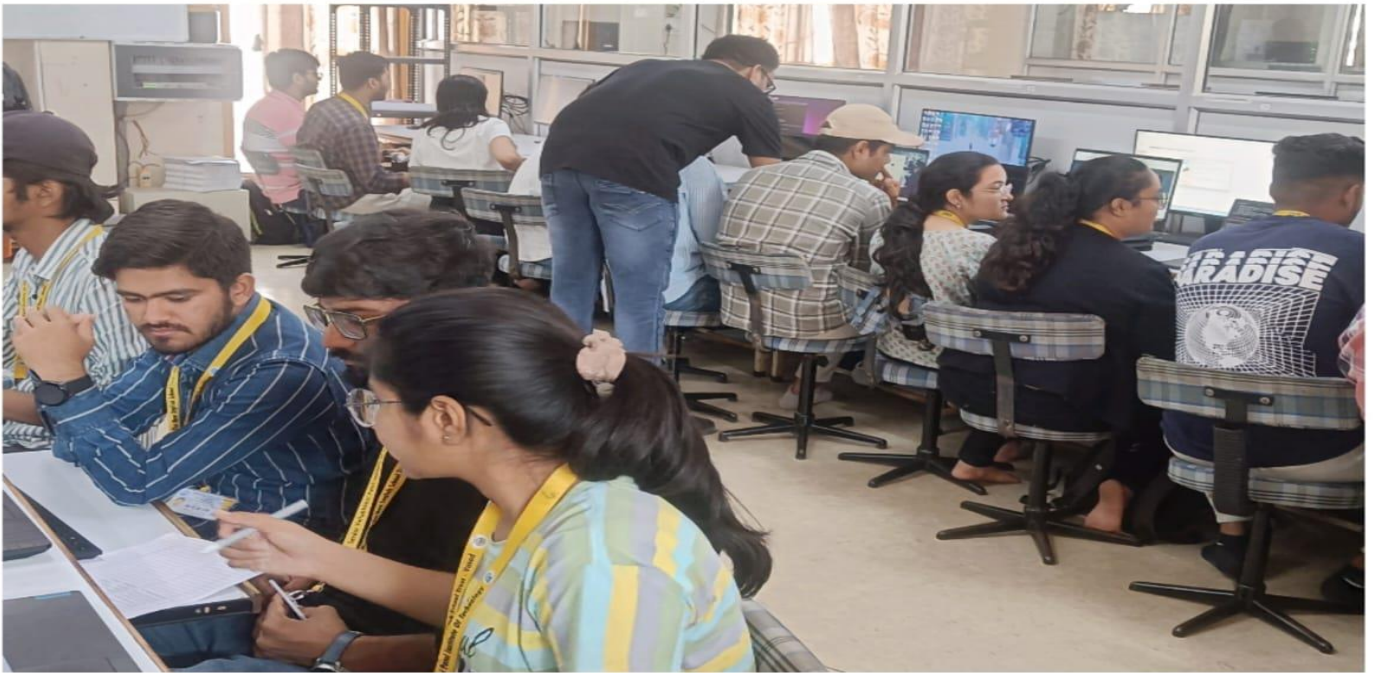

MCA Department of SVIT had organized a workshop on “Python Framework: Django” on 30th March, 2024. This workshop was conducted by Mr. Devang Shah, Full Stack Senior Developer, Moweb Technology Pvt. Ltd., Ahmedabad and Mr. Ronak Patel, Senior Software Developer & Teach Lead, Aarya SoftEx, Vadodara.

The purpose of workshop was provide an hands-on practice on Python framework : Django as Django is a high-level Python web framework that enables rapid development of secure and maintainable websites. This workshop helps students learn to design, implement and manage web applications using Django. This framework is useful to develop the project for MCA SEM-II students in the curriculum. This workshop is to equip participants with high in-demand technical skills which will help them in the Job prospects. Around 28 students have attended the session.

Overall hands-on practice on the following topics were implemented by students during the workshop.

- Install and Configure Python and Django.
- Learn the various features, files and folder structure of Django
- Utilize Django Models to build an interface with powerful relational databases
- Implement CRUD operations using Django to build a simple web application.
