

E & C Department has organizing an Expert talk for the students of TY on 28th February 2022 on the topic “VLSI Design & Lab session on VHDL.” Our expert Mr. Jagrut Joshi, is serving at esteemed company Intel Bengaluru as a SOC Design engineer.

He talked about development of the ecosystem, a new era in electronics manufacturing in India. Semiconductor manufacturing is to create domestic capacities for manufacturing of Semiconductors-ICs in India. Development of the ecosystem for large scale manufacturing of #Silicon #Semiconductors, #Compound Semiconductors, Silicon #Photonics, #Sensors and #Displays.. So keep yourself ready for coming opportunities.
