Reportof Industrial Visit at"Rishabh Software"

Information Technology department has organized an Industrial Visit at "**Rishabh Software**" for SYIT Students on **9thSeptember, 2024 &10thSeptember, 2024**. The expert was **Mr. KetanRathod**who has three years of experience in the rishabh softwareas a trainer position and also ten years of academics Experience, guide the student about what is benefit to work in the industry and what field you choose in the IT field like Data Scientist, Full Stack Developer, and Software Testing etc. Overall it was a really good experience to explore this kind of industries which can help both the Faculty and Students to understand the market demands and its feasible solutions and career opportunities in the IT industry.

| 10/09/2024 | 09/09/2024 |

Total 107 SYIT Students have attended and benefited from Industrial Visit.

Rishabh Software was founded in the year 2000 by Mr. & Mrs. Raju Shah with a simple thought of delivering exceptional value to global customers. From the start, the vision was clear – to empower businesses with world-class software solutions. They did this by tapping into local talent in their home state of Gujarat by building a platform for budding software developers to grow and nurture their careers. At RishabhSoftwareTechnologies, they not only provide your business with exceptional enterprise-grade applications but go above and beyond. With 1200+ successful projects and a process-driven mindset.
