Report On Training Program on Data Analysis by ITC

The MBA Department of SVIT Vasad organized a **Data Analysis Training Program** during **October–November 2025**, in which experts from **ITC Mogri** visited the institute and **trained FY and SY MBA students** to strengthen their data analysis and analytical competencies.

The program was conducted at the SVIT campus and was structured into **25 hours of theory** sessions and **25 hours of practical**, hands-on training, totalling 50 hours, covering advanced analytical tools and techniques. The training modules included **Advanced Excel** (formulas, pivot tables, dashboards, Power Query, and business analysis), **Power BI** (data modelling, DAX functions, visualizations, reports, and dashboards), and **SQL** (database management, queries, joins, aggregate functions, and analytical reporting), with real-time datasets and project-based learning. The sessions were delivered by experts from ITC providing students with practical exposure to data-driven decision-making and business analytics.

Upon successful completion of the program, participants were awarded Participation Certificates, adding value to their professional profiles and significantly strengthening their employability in corporate, IT, and analytics-driven roles.

Faculty Coordinators,

Dr. Disha Patel & Prof. Harmi Sadrani
