**Report On Industrial Visit to Dhyey Consulting Services Private Ltd., Vadodara**

An industrial visit for Semester I MBA students of SVIT Vasad was arranged at **Dhyey Consulting Services Private Ltd., Vadodara, on 2 December 2024**. The visit aimed to provide practical exposure to Information Systems (IS) and Enterprise Resource Planning (ERP) implementation within an IT services organization.

A total of **32 students and 3 faculty members** joined the visit and interacted with industry professionals who shared insights into ERP systems, their architecture, implementation processes, and real-world business applications. The session helped students understand how information systems support organizational decision-making, process integration, and operational efficiency.

The industrial visit proved to be an enriching learning experience, enabling students to connect theoretical concepts with industry practices. Such initiatives play a vital role in bridging the gap between academic learning and corporate expectations, thereby enhancing the overall learning experience of MBA students.
